

HUNGARIAN WIREHAIRED VIZSLA CHAMPIONSHIP SHOW 20 APRIL 2013

Show held at Tomlinsons Canine Centre, Markfield, Leicestershire

When I received the invitation to judge this prestigious show I was honoured and delighted to have the privilege of judging this great breed. I looked forward to my day and was not disappointed not only with the quality of dogs forward but the great atmosphere on the day. Can I just say that I judge the dogs on the day and there was an odd dog who did disappoint, basically because in my opinion they did not fulfill the breed standard – 'more robust build and a stronger bone structure than the shorthaired Vizsla', also the confirmation was sadly lacking in particular with the rear and being cow hocked or very narrow and not enough heart room. At the end of the day they are a working dog and should be fit for purpose. Anyway here endeth the lesson. However I was absolutely delighted with the overall standard and the breed is going from strength to strength.
